Greetings Michael (a man sometimes acts for a service corporation)

Firstly i did not make a complaint a complaint means civil and civil means Roman i made a claim and i also did not given my implied or expressed consent to share my personal and private details with anyone.

Secondly coercion is also against the Law by the claims you are making and by that i mean asking i a man to use crown copyrighted forms of identification to obtain the body worn camera footage for the 13th April 2022 the day the Leicestershire police smashed my private property up using a forged instrument when no crime whatsoever has been committed.

i require the following:

1. The name of the man or woman that gave the order to smash my private property up.
2. The names of every man and woman that attended aided and abetted in causing criminal damage to my private property.
3. The body warn camera footage.
4. The name of the justice of the peace that authorised this forged instrument.
5. A copy of the application made by PC David Gilbody for the forged instrument.
6. The bond behind the forged instrument to be able to claim compensation.
7. The bill enclosed settling for the contracts the Leicestershire police entered voluntary and deliberately.
8. Why Motu Proprio does not apply to the Leicestershire police service corporation.

Failure to provide i with the above will be taken as perverting the course of justice.

i also enclosed the following documents and proof of claim the Leicestershire police are nothing more than a service corporation no different to McDonald's that have no authority to smash my private property up without consent, without any legal or lawful excuse.
